

IMPORTANT SAFETY INSTRUCTIONS

When using electrical appliances, especially when children are present, basic safety precautions should always be followed, including:

KEEP OUT OF REACH OF CHILDREN!

READ ALL INSTRUCTIONS KEEP AWAY FROM WATER!

DANGER

As with most electrical appliances, parts are electrically live even when the switch is off. To reduce the risk of death by electric shock:

- Always unplug immediately after using.
- Always turn off the iron when not in use.
- Do not use while bathing or in the shower.
- Do not place or store appliance where it can fall or be pulled into a tub or sink.
- Do not place in, or drop into water or other liquids.
- If the iron falls into water, unplug it immediately. Do not reach into the water.

LIMITED 2-YEAR WARRANTY (U.S. and Canada Only)

BaBylissPRO will repair or replace (at our option) your unit free of charge for 24 months from the date of purchase if the appliance is defective in workmanship or materials.

To obtain service under this warranty, return the defective product to the service center listed, together with your purchase receipt and \$10.00 for postage and handling. California residents need only provide proof of purchase and should call 1-800-326-6247 for shipping instructions. In the absence of a purchase receipt, the warranty period shall be 24 months from the date of manufacture.

ANY IMPLIED WARRANTIES, OBLIGATIONS, OR LIABILITIES, INCLUDING BUT NOT LIMITED TO THE IMPLIED WARRANTY OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, SHALL BE LIMITED IN DURATION TO THE 24-MONTH DURATION OF THIS WRITTEN, LIMITED WARRANTY. Some states do not allow limitations on how long an implied warranty lasts, so the above limitations may not apply to you.

IN NO EVENT SHALL BABYLISPRO BE LIABLE FOR ANY SPECIAL, INCIDENTAL, OR CONSEQUENTIAL DAMAGES FOR BREACH

WARNING

To reduce the risk of burns, electrocution, fire, or injury to persons:

- Plug the iron into an electrical outlet.
- The iron should never be left unattended when plugged in.
- Do not pull, twist, or wrap cord around the iron.
- This iron should not be used by, on, or near children or individuals with certain disabilities.
- Use the iron only for its intended use as described in this guide.
- Do not use attachments not recommended by the manufacturer.
- Never operate this iron if it has a damaged cord or plug, if it is not working properly, or if it has been dropped, damaged or has fallen into water. Return the appliance to a service center for examination and repair.
- Keep the cord away from heated surfaces. Do not wrap the cord around the appliance.
- Never block the air openings of the appliance or place it on a soft surface, such as a bed or couch, where the air openings may be blocked. Keep the air openings free of lint, hair, and the like.
- Never use while sleeping.
- Never drop or insert any object into any opening or hole in the iron.

OF THIS OR ANY OTHER WARRANTY, EXPRESS OR IMPLIED, WHATSOEVER.

Some states do not allow the exclusion or limitation of special, incidental, or consequential damages, so the above limitation may not apply to you.

This warranty gives you specific legal rights, and you may also have other rights, which vary from state to state.

- Do not use outdoors or operate where aerosol (spray) products are being used or where oxygen is being administered.
- Do not use an extension cord with the iron. Avoid multiple cables into a plug.
- The iron and casing are hot when in use. Do not let eyes or bare skin touch heated surfaces.
- Do not place the iron directly on any surface while it is hot or plugged in.
- Do not touch hot surfaces of the iron.
- This iron has no user-serviceable parts. Servicing should only be performed by an authorized service representative.
- Suitable for dry locations ONLY.
- After using, ensure the iron has completely cooled before storing in a safe, dry location.
- Do not use this appliance near bathtubs, showers, basins or other vessels containing water.
- If the supply cord is damaged, it must be replaced by the manufacturer, its service agent or similarly qualified persons in order to avoid a hazard.
- This appliance is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the

appliance by a person responsible for their safety.

- Children should be supervised to ensure that they do not play with the appliance.
- Before plugging in, read the information about dual voltage contained in the Dual Voltage section of this manual.

SAVE THESE INSTRUCTIONS

OPERATING INSTRUCTIONS

This appliance is intended for professional use. Use on Alternating Current (50–60Hz) only. Standard appliances are designed to operate at 120–240 volts AC.

This appliance has a polarized plug (one blade is wider than the other). As a safety feature, this plug will fit into a polarized outlet only one way. If the plug does not fit fully into the outlet, reverse the plug. If it still does not fit, contact a qualified electrician. Do not attempt to defeat this safety feature.

DUAL VOLTAGE

This curling iron has dual voltage. It will automatically adjust to the proper voltage. Use an adapter plug with correct configuration prior to use in outlet.

- Si el aparato se cae al agua, desenchúfelo inmediatamente; no toque el agua.

ADVERTENCIA

Para reducir el riesgo de quemaduras, electrocución, incendio o heridas:

- Enchufe el cable en una toma de corriente.
- Nunca descuide/deje el aparato sin vigilancia mientras está conectado.
- No jale, retuerza ni enrolle el cable alrededor del aparato.
- Este aparato no debe ser usado por, en o cerca de niños o personas con ciertas discapacidades.
- Use este aparato únicamente con el propósito para el cual fue diseñado y solamente según las instrucciones.
- Solo use accesorios recomendados por el fabricante.
- No use este aparato si el cable o el enchufe están dañados, si no funciona correctamente, si está dañado, o después de que se haya caído, incluso en el agua; devuélvalo a un centro de servicio autorizado para su revisión y reparación.
- Mantenga el cable alejado de las superficies calientes. No enrolle el cable alrededor del aparato.
- Nunca obstruya los orificios de ventilación ni coloque el aparato sobre una superficie

IMPORTANT NOTICE

These styling appliances have a special protective application and the barrel will be extremely hot when the temperature regulator dial is set at its highest setting (430°F). Extra care should be taken when using. This product may emit smoke during initial use. The smoke is not harmful and will quickly disappear. It is only the protective application on the heating element being burned off.

CURLING WAND BASICS

- Plug the appliance into a standard electrical outlet (120–240V).
- Button controls for 5 temperature settings:

TEMPERATURE SETTINGS	HAIR TYPE
1 (285°F)	Fragile, very fine hair
2 (320°F)	Thin, easy-to-curl hair
3 (355°F)	Average textured hair
4 (395°F)	Wavy or curly hair
5 (430°F)	Coarse, very thick hair
- Section hair evenly, and comb each section before winding. Wind the hair around the wand as far up as you want it to be curled, being careful not to let the wand touch the scalp.
- Refer to the Super Styling Guide for

blanda, tal como una cama o un sofá, donde se puedan obstruir. Mantenga los orificios de ventilación libres de pelusas, cabellos y elementos similares.

- No lo use mientras duerme.
- Nunca deje caer ni inserte ningún objeto en ninguna de las aberturas.
- No lo use en exteriores, ni lo haga funcionar donde se estén usando productos en aerosol (spray) o donde se esté administrando oxígeno.
- No use un cable alargador/de extensión con este aparato. Evite conectar varios cables a la misma toma de corriente.
- El tubo y la carcasa se ponen muy calientes durante el uso; mantenga los ojos y la piel alejados de las superficies calientes.
- No coloque el aparato sobre ninguna superficie mientras está caliente o conectado.
- No toque las superficies calientes del aparato.
- Este aparato no contiene ninguna pieza que pueda ser reparada/cambiada por el usuario. Todo tipo de reparación/ajuste debe ser realizado por un técnico autorizado.

- Mantenga el cable alejado de las superficies calientes. No enrolle el cable alrededor del aparato.
- Para uso en lugares secos SOLAMENTE.
- Después del uso, deje enfriar el aparato completamente antes de guardarlo en un lugar seguro y seco.

techniques. Hold hair in place for 8 to 12 seconds.

- To remove curling wand, unwind the hair. To set the curl, do not comb or brush hair until it cools.
- Some experimenting is necessary when first using the curling wand or when changing to a different hairstyle.

SUPER STYLING GUIDE

Your best looks begin with a good haircut that's well maintained. Always treat hair right with superior quality shampoos, conditioners, and finishing products. For looser, free-flowing curls, roll a larger section of hair around the barrel. For tighter, bouncier curls, roll a smaller section of hair around the barrel.

NANO TITANIUM

Your Nano Titanium curling wand has many benefits. Nano titanium is an exceptional conductor of heat and is stable in ultra-high temperatures. The nano titanium barrel combines the technology of micro particles of titanium, providing the ultimate heat performance for beautiful, healthy-looking hair. Nano titanium yields maximum far-infrared heat, penetrating the hair for gentle styling without damaging hair. This nano titanium wand will give your hair a smooth, silky shine while eliminating frizz.

- No use el aparato cerca de tinas, lavabos, inodoros u otros recipientes que contengan agua.

- Para su seguridad, el cable debe ser reemplazado por el fabricante, un centro de servicio autorizado u otra persona calificada.
- Los niños o las personas que carezcan de la experiencia o de los conocimientos necesarios para manipular el aparato, o aquellas cuyas capacidades físicas, sensoriales o mentales estén limitadas, no deben utilizar el aparato sin la supervisión o la dirección de una persona responsable por su seguridad.
- No permita que los niños jueguen con este aparato.
- Antes de conectarlo, lea toda la información concerniente al doble voltaje que se encuentra en la sección de instrucciones de este manual.

GUARDE ESTAS INSTRUCCIONES

GET TO KNOW YOUR PROFESSIONAL CURLING WAND

NOTICE

THIS PRODUCT IS EQUIPPED WITH INSTANT HEAT CIRCUITRY. STATE-OF-THE-ART TECHNOLOGY ALLOWS THE HEATER TO REACH THE OPERATING TEMPERATURE IN LESS THAN ONE MINUTE.

DO NOT LEAVE PRODUCT ON OR PLUGGED IN WHILE NOT IN USE. UNIT WILL BURN OUT IF POWER IS KEPT ON FOR AN EXTENDED PERIOD OF TIME. WARRANTY WILL BE VOIDED. TURN UNIT OFF AND UNPLUG WHEN NOT IN USE.

CAUTION

NEVER allow the power supply cord to be pulled or twisted. Never wrap the cord around the unit. Damage will occur at the high flex point of entry into the unit, causing it to rupture and short circuit. Inspect the cord frequently for damage. Stop use immediately if damage is visible or if unit stops or operates intermittently.

STORAGE

When not in use, your appliance is easy to store. Allow unit to cool, then simply put back in the box and store out of reach of children in a safe, dry location. Do not jerk or strain cord at plug connections.

INSTRUCCIONES DE OPERACIÓN

Este aparato ha sido diseñado para uso profesional. Úselo solamente con corriente alterna (50–60 Hz). Los aparatos estándares están diseñados para funcionar con corriente de 120–240 V AC.

El cable de este aparato cuenta con un enchufe polarizado (una pata es más ancha que la otra). Como medida de seguridad, aquel enchufe se podrá enchufar de una sola manera en las tomas de corriente polarizadas. Si el enchufe no entra en la toma de corriente, invíértelo. Si aun así no entra completamente, comuníquese con un electricista. No intente ir en contra de esta función de seguridad.

DOBLE VOLTAJE

Este aparato es doble voltaje. Se adaptará automáticamente al voltaje correcto. Sin embargo, se deberá utilizar un adaptador adecuado (no se incluye) para poder conectar el aparato a la toma de corriente.

USER MAINTENANCE

Your wand is virtually maintenance free. No lubrication is needed. Keep all vents and openings clear of dirt and dust. If cleaning becomes necessary, disconnect the unit from the power source, allow to cool and wipe exterior with a cloth. If any abnormal condition occurs, unplug the unit, allow it to cool, and return it for repair to an authorized service representative only. No repairs should be attempted by the consumer.

FEDERAL COMMUNICATIONS COMMISSION NOTICE

WARNING: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) This device must accept any interference received, including interference that may cause undesired operation.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of

AVISO IMPORTANTE

El tubo de este aparato está cubierto con un revestimiento protector que se quemará cuando lo use por primera vez, produciendo humo. El humo no es peligroso y se dispersará rápidamente. El tubo se pone muy caliente; manipule el aparato con sumo cuidado.

FUNDAMENTOS DEL RIZADO

- Enchufe el aparato en una toma de corriente de 120–240 V.
- Seleccione la temperatura deseada:

AJUSTES DE TEMPERATURA	TIPO DE CABELLO
1 (285 °F/140 °C)	Cabello frágil, muy fino
2 (320 °F/160 °C)	Cabello fino, dócil
3 (355 °F/180 °C)	Cabello de textura normal
4 (395 °F/200 °C)	Cabello ondulado o rizado
5 (430 °F/220 °C)	Cabello grueso, muy espeso

- Divida el cabello en secciones uniformes y peine cada sección. Enrolle el cabello alrededor del tubo hasta el nivel deseado, si permitir que el tubo toque el cuero cabelludo.
- Consulte la sección "Guía para un súper peinado". Mantenga el aparato en posición por 8 a 12 segundos.

- Desenrolle lentamente el cabello. Permita que el cabello se enfríe antes de peinarlo para "fijar" los rizos.
- Será necesario experimentar un poco al principio.

GUÍA PARA UN SÚPER PEINADO

La mejor apariencia empieza por un corte de cabello bien mantenido. Siempre cuide su cabello con champús, acondicionadores y productos de peinado de calidad superior. Para conseguir rizos suaves y naturales, divida el cabello en secciones más gruesas. Para conseguir rizos más apretados, divida el cabello en secciones más delgadas.

REVESTIMIENTO DE NANO TITANIUM

Su rizador Nano Titanium brinda muchos beneficios. El nano titanio es un conductor térmico excepcional que mantiene la estabilidad en temperaturas ultra-altas. La tecnología Nano Titanium utiliza micropartículas de titanio para lograr un rendimiento óptimo y dejar el cabello hermoso y saludable. El Nano Titanium genera máximo calor infrarrojo lejano, un calor suave que penetra en el tallo del pelo para peinar el cabello, sin dañarlo. Este aparato dejará su cabello suave, sedoso y brillante, al mismo tiempo que eliminará el frizz.

the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

AVISO

ESTE APARATO CUENTA CON UN MECANISMO DE CALENTAMIENTO INSTANTÁNEO. ESTA TECNOLOGÍA DE VANGUARDIA PERMITE QUE EL ELEMENTO CALENTADOR ALCANCE LA TEMPERATURA DE FUNCIONAMIENTO EN MENOS DE UN MINUTO.

NO DEJE EL APARATO ENCENDIDO O ENCHUFADO CUANDO NO ESTÁ EN USO. EL ELEMENTO CALENTADOR PUEDE QUEMARSE SI EL APARATO PERMANECE ENCENDIDO POR UN PERÍODO PROLONGADO. ESTO INVALIDARÁ LA GARANTÍA. SIEMPRE APAGUE Y DESENCHUFE EL APARATO DESPUÉS DEL USO.

KEEP AWAY FROM WATER

Everyone knows that electricity and water are a dangerous combination, but did you know that an electrical appliance is still electrically live even if the switch is off? If the plug is in, the power is on. So when you are not using your appliances, keep them unplugged.

ALWAYS UNPLUG SMALL APPLIANCES.

INSTRUCCIONES DE MANTENIMIENTO

Este aparato requiere poco mantenimiento. No necesita lubricación. Mantenga todas los orificios de ventilación libres de polvos y pelusas. Cuando sea necesario limpiarlo, desenchúfelo, permita que se enfríe y limpie la superficie exterior con un paño humedecido. En caso de mal funcionamiento, desenchufe el aparato, permita que se enfríe y devuélvalo a un centro de servicio autorizado; No trate de reparar este producto.

PRECAUCIÓN

NUNCA jale, tuerza ni retuerza el cable eléctrico. Nunca lo enrolle con fuerza alrededor del aparato; esto puede dañar la junta flexible que lo conecta al aparato, produciendo su rotura o un cortocircuito. Revise el cable con frecuencia para asegurarse de que no está dañado. Deje de usar el aparato inmediatamente si el cable está visiblemente dañado o si el aparato deja de funcionar o funciona de manera intermitente.

ALMACENAJE

Cuando no lo usa, su aparato es fácil de almacenar. Permita que se enfríe y guárdelo en un lugar seco y seguro, fuera del alcance de los niños. No tirene ni retuerza el cable al nivel del enchufe.
